You are not permitted to have fast food delivered to the high school using a food delivery service or from your parents.

Parents.

Please instruct your students to bring their own food and/or buy food from the cafeteria. Opening the front door for food deliveries, detracts from the primary duties of our attendance staff. Lastly, it is a safety concern because delivery people could have legal restrictions not permitting them on any school campus.

Outside food (fast food) has been addressed in the Weekly Aviator Update and Parent Newsletter.
