

Second Grade Summer Challenge

Attached is your Second Grade Summer Challenge packet. There are two Bingo boards. One is a math board and the other is a reading/writing board. Students will receive incentives for completing activities.

- Students completing a total of 4 Bingos (2 reading/writing and 2 math) will receive a popsicle treat at lunch the first week of school.*
- Students completing a total of 8 Bingos (4 reading/writing and 4 math) will receive a popsicle treat at lunch the first week of school plus a special award and their name entered into a school drawing.*

In order to receive the incentives upon returning to school, please be aware that it cannot be a combination of different Bingos! We want our students to have an equal amount of practice in both areas over the summer!!!

****Bingo boards MUST be turned in by Friday, August 16th and have a parent or family signature upon collection.****
Unfortunately, packets turned in late cannot be accepted.

Have a great summer!

The Second Grade Team
